We get it, Susan. You hate POC and don't want to admit having a RWDS shirt. The caucasity to say this after another Black person was brutally murdered by the police and minimize Black people's voices/suffering while still convincing people you're "not like them". Okay, Nazi.

I shouldn't have to say it, but you can be against violence against one race and also be against sweeping generalizations of another race

Can't even keep a man around no more than 24 hours to save their traditional values and have the audacity to make comments about other people? Have fun crying while I'm still getting dick.

I'm not perfect by no means, but at least my mother raised me better than to sit around idolizing Shirley Temple and Dumbo to later look and act like a fucking clown in my 20's. Unseasoned heathen always wants attention 'cause nobody wants their musty ass anyways.

Funny how conservative women cry about nobody loving them after a 2 week relationship. Maybe if you weren't such bigoted and narrow minded people, maybe someone will actually see your worth. It's called growth and holding your actions with accountability.

Normal people don't want to be involved with someone who can't take constructive criticism and don't challenge themselves by listening and learning from others with their experiences. A relationship isn't just sunshine

Exposing racist law students is a part of fighting racism in the law. Racist law students become lawyers, lawmakers, judges, prosecutors, and public defenders.

I've stayed in my apartment, but I feel like some (maybe lots?) of people have moved to more affordable places as a result of remote learning. It seems brutal to make them move back and forth.

Well I did and you've been ignoring me. Don't talk this big talk about exposing people when I've been trying to contact you for the past hour with important information.
